

iDictation

<http://www.soncp.com>

Routine

1. Press **F9** to open a media file (.mp3, .mp4, .wmv etc). iDictation opens a Media Player window for you.
 2. Listen
 3. Press **Enter** to pause
 4. Type in what you've heard
 5. Press **Enter** to continue playing; go to 2
- A black arrow points from the right side of step 5 back to step 2, indicating a loop in the routine.

More

1. Can't play .mkv or .ts files? Windows 7 Codec Pack (<http://www.windows7codecs.com>) supports almost every compression and file type used by modern video and audio files. It's easy to install.
2. Press **F1** to go backwards 1 second, **F2** to rewind 2 sec, **F3**=3s, **F4**=4s; **F6**=fast forward 2 sec, **F7**=4s.
3. To change playback speed, right click in the Media Player window.
